

Introduction

To add a warning box like the following use:

```
<div class = "warning">
```

Followed by the text you want inside/

```
</div>
```

The line above marks the end of the box.

This will create the following:

Followed by the text you want inside/

Here is a `<div class = "notice">` box:

note text

Here is a `<div class = "github">` box:

github text

Here is a `<div class = "dictionary">` box:

dictionary text

Here is a `<div class = "reflection">` box:

reflection text
